EUROPEAN PATENT ATTORNEY MATERNITY COVER

NUREMBERG, GERMANY
OR REMOTE WORKING

A WORLD-CLASS SUSTAINABLE COMPANY

Electrolux has been a leading global expert in the invention and manufacture of appliances for over one hundred years. Their intention is simple: to improve everyday life for millions of people around the world. Their methods are simple: act sustainably, create better experiences and strive to improve. Their inventions are outstanding.

Under their global brands, including AEG and Frigidaire, Electrolux sell approximately 60 million household products in around 120 markets each year. Furthermore, Electrolux strive to be pioneers of sustainability. Underpinning all they do are conscientious values, driving them to deliver the best experience possible to both people and planet.

AN EXCITING OPPORTUNITY

Electrolux are looking for a temporary maternity leave substitute to be based in Nuremberg, in a modern and flexible office setting in their multinational and diverse German Headquarters. However you may partly or fully be able to work mobile from any place in Germany or across Europe. A patent professional, eager to join an agile and flexible team that values customer collaboration and response to change. We drive IP management and strategy on a highly standard and embrace continuous improvement. We embrace team-ship and togetherness, even big distances.

Your main tasks will include:

- Client counselling in IP Business Cases.
- Management of Prosecution of the global cooking portfolio 700 families in 25 countries.
- Freedom-to-operate analysis to launch our next innovative cooking appliance.
- Strategic counselling of IP Business Scenarios.
- Innovation Management and Ideation to fill our strategic portfolio pipeline.

A CHANCE TO JOIN THE TEAM

Your academic qualification will be within Mechanical or Electrical Engineering or a related degree. Your academic experience will have provided you with a broad base of scientific knowledge on which you have built your patent skills. You will be either a qualified European Patent Attorney or a part-qualified attorney with at least 3 years in the profession. You will come to the position with a background of working in-house or private practice. You will be fluent in written and spoken English and a knowledge of German would be an advantage.
