

**TOGETHER WE TURN
TECH INNOVATION
INTO REALITY.**

HEAD OF IP SECURITY

SINGAPORE / PHOENIX (USA) / ALMERE (THE NETHERLANDS)

A PIONEERING COMPANY

ASM are pioneers of the semiconductor industry. Their work has helped to shape technological advancements world-wide and their innovations create extraordinary opportunities. ASM are creating the future. They create the technology of tomorrow - supporting advances in communications, entertainment, energy, transport and medicine. The scale of their work might be microscopic but, the results are enormous. ASM begin by connecting atoms and arrive at the creation of world-wide connections.

A COLLABORATIVE CULTURE

ASM was founded in 1968 and is headquartered in Almere, the Netherlands. They employ over 2,500 people across 14 different countries. As part of ASM, you are working in a truly global team, with some of the best brains in the world. ASM prioritise their people - diversity and authenticity are core values of the working culture. They value their employees and are highly invested in the personal and professional development of their entire team.

A CHANCE TO JOIN THE TEAM

This is an entirely unique opportunity to join ASM in a prominent and senior position. As the Head of IP Security, you will design, implement and lead the companies protection of their Intellectual Property assets. IP is key to the success of the work ASM do and as such, this role will have high visibility across the entire company. With a detailed technical understanding you will work closely with the technology department to devise and develop the best solutions to protect ASM's IP assets. In addition, you will work with all levels of the company and across a wide variety of departments to implement procedures and to educate and communicate the importance of IP protection. With a significant level of experience and knowledge, you will arrive at this position as an expert. An expert committed to ASM and to continuing the innovative work they do.
