

PATENT ATTORNEY

HIGH-TECH

STOCKHOLM / UPPSALA - SWEDEN

Barker Brettell
Intellectual Property

A TOP-TIER FIRM

Barker Brettell is a leading UK-based IP firm which has been established for over a century. Barker Brettell is one of the UK's largest IP firms; the team is now spread across four offices - two in the UK and two in Sweden. Barker Brettell has built an exceptional reputation - in particular, for putting the needs of its clients at the forefront of all the firm does.

A CONSCIENTIOUS AND CARING CULTURE

As a value-driven firm, Barker Brettell has a reputation for being highly responsive, flexible, caring and accommodating. Barker Brettell provides an environment where the efforts of their employees are recognised and where opportunities for growth are aplenty. The firm understands that it is the success of its people that ensures their revered reputation and client services are maintained for the future. As a caring and compassionate practice, Barker Brettell has worked diligently to incorporate the Swedish culture and customs into their branch, whilst also retaining the essence of a UK firm.

A CHANCE TO JOIN THE TEAM

Over the last five years, Barker Brettell's Swedish group has been firmly established; as a result of this success, the firm is now looking to welcome a Patent Attorney, skilled in the high-tech/mechanical field. With a background in physics, electronics, mechanical engineering or similar, you will proactively support client management and acquisition in Sweden and internationally. You will be committed to work for Barker Brettell and your values of integrity, and high quality service will underpin all you do. In return, you will be welcomed into a friendly team, supported in your activities and be afforded growth opportunities. To succeed in this role, you will have the skills and ability to attract new clients and establish effective client relationships. Your skills may come from your post-qualified experience, or from your passion and drive for IP as well as business and client relations. If you are ready to seize this opportunity, then Barker Brettell look forward to hearing from you soon!
