WORLD-LEADING SPECIALITY CHEMICAL INNOVATORS

Perstorp are a Swedish, global family of scientists, engineers and business professionals with a track record of more than 140 years in pursuing sustainable progress. They firmly believe that every individual, every action, every product, every little thing their team do can change things. This is what makes Perstorp one of the world's leading speciality chemicals innovators.

A COMPANY WHO REALLY CARE

You will find Perstorp in everything - from your car and mobile phone, to the wind farm and the local dairy farm. Simply put, Perstorp work to make good products even better, with a clear sustainable agenda. They are now utilising their link to an array of product areas to assist value chain and other companies in providing sustainable solutions. They are on a mission to help industries and products everywhere to become more sustainable.

JOIN THE PERSTORP TEAM

Perstorp are now in a position to welcome a new Patent Attorney to their IP team. With a background in Chemistry - ideally organic/synthetic chemistry - your role will be vital because at Perstorp, innovation really matters. Consequently, this position offers the unique opportunity to be part of a small team where you can make a significant impact on a global scale. You may be located near to a variety of Perstorp's locations in: Sweden, Germany, the Netherlands, Spain, Italy or the UK. Regardless of the number of years experience you hold, Perstorp are looking for a Patent Attorney who demonstrates passion and determination for science and IP. If you are ready to explore this opportunity further, then Perstorp look forward to hearing from you!
